<p>A comparison of EU legal framework and Bulgarian legislation on health and safety at work, with a special view on practical implementation. A long discussion on the consequences for SME's and employers.</p>	<p>It was a good discussion with a lot of good suggestions on practical impact and better regulation. We discussed about the role of UNi20 and the chamber could play in providing information, facts and instruments to facilitate the SME's to build up a good health and safety policy.</p>	<p>A great need for exchanging best practices. Also a follow-up is needed to go in detail for some themes of health and safety, for example risk analysis.</p>
